

Building on Trust

Ashcroft

Developing our people for growing our business

About Us

Ashcroft are an established and well recognised reputable new house building and construction company. We have carried out projects to date in the Essex, Suffolk and Kent areas. Ashcroft prides itself on its new homes, apartments including major developments carried out over the past number of years.

We are very experienced with new build development projects of various size and designs. These including houses apartments, and bungalows.

Ashcroft have our own specialised team on board including planning consultant, Architech, QS with health and safety advisors.

Our vision is to push forward and progress by increasing the number of developments each year. With also having our sales team marketing from day one of all new sites once safety fenced and signage are all in place.

All our new builds come with a full 10 year warranty also all fully fitted appliances with a manufactures guarantee as standard.

Our development sites with a shared communal areas and access service roads will come with a full maintenance and service package. This will be in place for each new homeowners peace of mind.

We have a great ongoing relationship with all our clients and investors past and present. With a history of honesty, transparency and full commitment with all our clients and projects.

All potential investors will be provided with an agreed drawn up legal document that will be agreed by both parties. The final document can verify legally for total peace of mind going forward.

Full detailed breakdown of your investment and returns shall be provided to all interested clients.
